

SHE was created last year by GOAL Magazine to provide a forum for women to empower one another, without judgement. SHE organizes purposeful social events which always have a philanthropic component and highlights local female-led businesses. Our most recent event was held on February 20 and hosted at Katwalk Clothing and Gifts in Murrysville, PA.

Katwalk owner Diane Nickoloff was one of the first to open her doors in 2016 at the Blue Spruce Shops in Murrysville. SHE attendees were able to mingle and shop at her chic boutique and also had the opportunity to have a complimentary professional headshot taken by Gina Kisel of True North Photography, who specializes in wedding and family photography.

Attendees were encouraged to bring donations for the women and children at Blackburn Center's Emergency Shelter, whose mission is to end gender-based violence in Westmoreland County. With the generosity and support of attendees and our gracious host, we were able to collect two large boxes of toiletries and clothing items PLUS monetary donations totaling \$400.
