SHE was created by GOAL Magazine to provide a forum for women to empower one another, without judgement. SHE organizes purposeful social events which always have a philanthropic component and highlights local female-led businesses.

Our most recent event
“Yappy Hour-Social Distancing Style,”
 was held at The Animal Friends Sanctuary in Latrobe, Pa.

ANIMAL FRIENDS Sanctuary

In lieu of admission, attendees were encouraged to bring donations for the shelter pets from a top 10 needs list provided by The Animal Friends of Westmoreland. This incredible local charity is committed to the vision of a no kill shelter and being a voice for those who cannot speak for themselves.

THEIR MISSION is to help abandoned, abused, and neglected animals and their passion is to educate the public to spay and neuter, to spread awareness on embracing pet adoption and to inspire others to become animal advocates. We were able to fill a huge box full of items and raised xx in monetary donations for the shelter.

SHE attendees were encouraged to bring their pet to the event, which many did. Several shelter staff members, board members and volunteers conducted tours of the sanctuary and introduced pets who were in need of adoption.

If you would like to learn more about how to volunteer or donate to please visit animalfriendsofwestmoreland.org

If you would like to learn how you can purchase healthy and tasty treats for the lucky dog in your life visit....

 The Lucky Dog Biscuit Company, LLC

Laura Guskiewicz of The Lucky Dog Biscuit Company had healthy treats available to purchase at the event. She generously donated a portion of her sales to The Animal Friends of Westmoreland. All treats, which are wheat-free, are made in small batches with no preservatives, and flavors include apple pie, blueberry yogurt, coconut carob, cranberry sweet potato, peanut butter banana and pumpkin.

Due to the current Covid-19 restrictions, we have not released a date for a future event but cannot wait to see you ladies! Please follow our social media pages for updates.
